- 3.3 To be considered in good standing a club must meet all necessary USAC requirements and must have paid current year TBRA club dues. If TBRA club dues are not paid by the first race of the season, members of the defaulting club will not accrue points until the fees are paid and any points earned in the interim will be forfeited. The schedule of TBRA club dues, including deadlines and late fees, is documented on the TBRA website.

- 3.5 Event must take place on a Saturday, Sunday, and/or National Holiday.
- 3.6 Event promoter must pay a per rider fee to TBRA for every participant registered in every event. If a racer competes in multiple races on the same day, only a single TBRA fee will be collected for each unique person on that day. The per rider fee is \$2.00 for point series races and \$1.00 for non-points series events listed on the website.
- 3.7 Event promoter must provide a date deposit of \$50 for each race date that they wish to promote during the year by September 1st of each year. If the event is cancelled the date deposit will be forfeited with the exception of situations beyond the promoter's control like acts of God. Each situation will be evaluated by the TBRA board to determine if a deposit will be refunded. In the event that the date deposit is not received by the deadline, that calendar date shall be considered available to other promoters should they wish to promote an event on that date.
- 3.8 The TBRA Cyclocross Director shall select events to be included in the TBRA Cyclocross Series. This selection shall be conducted in consultation with event promoters and the TBRA Board. Where the course passes itself in straights or otherwise, it is to be marked with, at a minimum wooden stakes and caution tape (or similar marking tape) the entire length of the straight to avoid riders cutting the course.
- 3.17 Event promoters must provide each rider with one racing number to be worn by the rider on the side (ribcage) facing the finish judge.

- 4.4 Overall CXBAR Series positions shall be calculated based on the TBAR Point Scale to determine a racers "earned-point performances" (i.e., the number of points awarded under the scale in accord with finish position and the event's Division level, along with field points).
